

Spring Banquet 2021

My proposal would be to have educational workshops with the spring banquet.

WLC will stay as is.

Auction moneys from the spring and fall banquet will go to sponsoring the WLC.

According the WLC guidelines.

I suggest that the Spring banquet would move to a Saturday afternoon and evening.

Start educational workshops about 1pm in the afternoon with some entertainment and evening meal. The section 8 meeting and auction to follow the meal. Move the meal up to 5pm. Conclude by 9pm.

Workshops and entertainment would be voluntary attendance.

Would like to set up a committee to solicit moneys from business' or private donations to fund the workshops and entertainment. No moneys will be used from the WLC to fund the workshops or entertainment.

Goal is to get solicit \$25,000 or more from businesses. Moneys to be used to cover workshops and entertainment for spring banquet. Extra money to be distributed by committee guidelines.

Goal is to get extra funding for AG dept. education for each school.

Need a vote at this banquet to approve the change in banquet date and expand banquet hours to include workshop and entertainment. To start fundraising to cover this change.
